In “Skin and Wound Map From 23,453 Nursing Home Resident Records: Relative Prevalence Study” (JMIR Dermatol 2018;1(2):e11875) by Au et al, the acronym “CMO” in the Conflicts of Interest section was incorrectly expanded to “chief marketing officer”. This has been changed to “chief medical officer” to accurately reflect Sheila C Wang’s relationship with Swift Medical.

Additionally, the authors have advised that the degrees for Yunghan Au should be changed from "MBA, PhD" to "PhD, MBA".

The correction will appear in the online version of the paper on the JMIR website on October 17, 2018, together with the publication of this correction notice.
